

Billy and Charlie's Highest Quality Pewter Goods

We are pleased to offer a line of pewter jewelry, belt fittings, pilgrim signs, spoons, bells, whistles, and household goods. All of these items are similar to medieval examples which have been saved or recovered; most of them are copies of specific pieces. We cast in modern, lead-free pewter or pure tin in handmade stone molds. Most of our items are based on examples from the 14th and 15th centuries; some are appropriate for periods before or after that. A few are specific to modern reenacting. We welcome your comments and suggestions for items to add to our inventory.
